### 🎓 EDUCATION

#### technological graduation, Fatene

August 2014 – August 2017 | Fortaleza, CE

### 💼 PROFESSIONAL EXPERIENCE

#### Ame Digital, Junior Support Analyst

June 2022 – May 2023 | São Paulo, SP

I collaborate closely with the development team to optimize API functionality, ensuring a seamless experience for users. I use tools such as Datadog and Google CloudPlatform to analyze errors in detail and improve system performance. I proactively identify and resolve issues by running scripts to fix bugs and other technical issues. I provide ongoing support to keep APIs working effectively and meet users' needs, contributing to system stability and improving the user experience.

#### Haptech Soluções Inteligentes,, Junior Support Analyst

February 2020 – May 2022 | Fortaleza, CE

I was responsible for the implementation, maintenance and continuous improvement of customized systems and applications. I offer specialized technical support, meeting users' needs and collaborate closely with the development team to create effective solutions.

### 📖 COURSES

#### Fullstack Web Programming, Labenu

October 2021 – October 2022 | Remote

### 📁 PROJECTS

#### Front End Mercado Livre, React

July 2023 – October 2023

I developed a significant project focused on recreating the Mercado Livre interface using React. My main goal was to improve the user experience by creating a cleaner and faster interface compared to the original. I took responsibility for implementing the front end, using React to create a more efficient interface. I maintained the familiarity of the original platform, but with notable visual and performance improvements. I dedicated myself especially to optimizing loading speed and a smoother browsing experience, ensuring a more intuitive and pleasant interaction for users.
